Health Services

Hospitality

Human Services

Information Technology

Law

Manufacturing

Skilled Trades

Choose one industry that is very interesting to you and explain why.

Within the industry, what types of careers are you interested in pursuing?

Describe three things you learned about this industry.

To get started in this industry, what education or training is necessary?

What skills do you need to succeed in this industry? (For example: creative thinking, math skills, writing ability, presentation skills, public speaking)
